Students should develop four skills (listening, speaking, reading and writing.) This article is devoted to writing skills. Writing skills play an important role not only in the State Exam but in the Russian National Exam too. Personal letter is written in the both exams. Students should be able to put their thoughts to paper in the correct format. These tasks help to teach writing letters. They help to continue preparation for exam in Class 7. Every writing task of the exam ends by the phrase: remember the rules of letter writing. The best opportunity to remember these rules is practice.

Keywords: writing; personal letters; English lesson; English exam; new demands in teaching English; Federal state educational standard.

По Федеральному государственному образовательному стандарту в ближайшее время предполагается введение иностранного языка как третьего обязательного предмета для сдачи. Данные задания приближены к формату ОГЭ в 9 классе. Они дают

учителю возможность определить, насколько хорошо сформированы у детей навыки написания писем. Чем раньше дети познакомятся с форматом экзамена, тем успешнее они его сдадут. Данные задания хорошо использовать на зачётной неделе.
